## Special Christmas Edition

### President's Notes

The annual DAW Holiday Party was a great success. You can read all about it elsewhere in the newsletter. A big "Thank You" to everyone that helped!

I usually forget to remind you each month about the special **Empty Bowls/Beads of Courage Raffle** we hold each year. Each bowl or box you turn in earns you a spot in this special drawing to be held at the meeting following the annual North Texas Food Bank Empty Bowls fundraiser. This year the drawing will be held at the March meeting. **Each bowl turned in earns you one ticket, and each box will get you five chances in the drawing. Winners will receive cash prizes of \$150, \$100 and \$50!**

This year you have until the February meeting to turn in your bowls and boxes and be eligible for the drawing. If you have some extra time over the holidays, or you need to get a break from the family for a few hours, get out to the shop and turn something. You will not only help one of these special charities, but you may also win a little cash to pay the Christmas bills.

**Best Wishes to you and your families during this special season! We'll see you next year!**

**Robert Pope**

### Party Report by Bob Matern

The December 2 DAW Holiday Party was a huge success, by any measure! Not only did we best out prior attendance record by more than 20% but we also had more raffle and auction items plus more raffle and auction proceeds than ever before. Thanks to all our members and vendors who contributed! There will be more details in the January newsletter but suffice it to say that we'll reinvest that money to provide our members with an even better woodturning education experience than ever before.

Two big **Thank You's** go to **Randy Rice** who once again provided superior leadership as our Master of Ceremonies and to **Craig Fyock** in his debut performance as our Auctioneer. But while Craig worked hard, don't feel too sorry for him. It seems every other raffle ticket drawn had a "C.F." written on it. Another big winner was **Dean Cardoza** who pulled off with the "steal" of the evening by walking away with a full day of one-on-one hands on training with **Lyle Jamieson** for well under market value. Dean

would probably tell you he earned that bargain price by virtue of being the #1 raffle ticket salesman. And he'd be right! (By the way, Lyle will be doing classes for DAW members during the first week of September, so mark your calendars now!)

The other big winner was **John Holderman** who had the winning ticket for the Jet mini-lathe! Your Board would like to thank all the members and family who turned out. We hope you had as much fun as we did.

## Classifieds

Steve Worcester has the following for sale:

A 3HP OneWay 2436 for sale, SN 1449, mfg 2003. Has remote, 17" bed extension, large outboard, large banjo, with tailstock riser and alignment jig.

Comes with 6" faceplate, Oneway livecenter, several toolrests (a couple Oneway and a few Bestwoodtools), several Strong hold adapters and I can throw in a couple 3" faceplates and if wood is an incentive, we can work that out too.

Lathe is in North Texas (Plano) and too heavy to crate and ship. If you buy it I will throw in a full day one on one lesson (if you like). She's been good to me, but I need something smaller that takes up less space.

Available the end of December (new tax period) \$6750, picked up at my shop
